SUMMARY

Senior Solutions Engineer with 5 years partnering with AEs on six- and seven-figure data-integration deals. Strongest at live-coded technical demos and reproducible demo environments - built and open-sourced the standard demo stack at NorthwindSync that every SE on the team now uses. Multi-threaded enterprise selling experience including direct technical-buyer engagement.

EXPERIENCE

NorthwindSync - Senior Solutions Engineer (2023 - present)

- Lead SE for the East-region mid-market segment, pairing with two AEs across roughly 40 active opportunities per quarter.
- Closed-won rate as lead SE: 38% (territory baseline 29%) across the 2024 fiscal year.
- Designed and built the Docker + Python demo environment now standard across the seven-person SE org - cut demo prep from ~4 hours to ~45 minutes.
- Partnered with AEs on technical-buyer conversations and proof-of-concept scoping across multiple mid-market and enterprise deals during 2024.
- Authored public integration guides for Snowflake, BigQuery, Postgres CDC, and Salesforce that the support team cites in roughly one ticket per week.

NorthwindSync - Solutions Engineer (2021 - 2023)

- Promoted to Senior SE after 18 months. Demo quality scores in the top quartile of the SE org.
- Led PoC scoping and execution for 22 mid-market accounts; 14 converted to closed-won (64%).
- Shipped a Python credential-validation CLI used in roughly half of new PoCs to reduce kickoff delays.

NorthwindSync - Customer Success Engineer (2020 - 2021)

- First technical hire on CS. Handled tier-2 escalations and custom integration troubleshooting. Wrote internal tooling in Python to automate weekly customer-health checks.

SKILLS

- **Demo & technical sell:** live-coded Python and SQL demos, technical discovery, executive-stakeholder framing, multi-threaded enterprise deals
- **Data tooling:** Snowflake, BigQuery, Postgres, dbt, Airflow, competitive familiarity with Fivetran and Airbyte
- **Languages:** Python (primary), SQL, TypeScript (familiar)
- **GTM partnership:** AE pairing, sales-stage gating, MEDDPICC-aware discovery

EDUCATION

B.S. Computer Science, University of Texas at Austin (2020)
